UNIBALL UPPER CONTROL ARMS

Uniball Upper Control Arms Only

Uniball Upper Control Arm System

OVERVIEW

Fabtech's Uniball Upper Control Arms are designed for severe duty use with stock and most aftermarket suspension systems. These Arms replace the thin stock upper control arms that are prone to flex and ball joint failure with heavy duty construction that is designed for aggressive offroad driving.

Fabtech Uniball Upper Control Arms directly replace the factory upper control arms for use on stock, aftermarket or Fabtech suspensions providing additional strength and reliability to the vehicle.

Enthusiasts that desire a mild lift height suspension with increased damping and wheel travel Fabtech offers the Uniball Upper Control Arms with Dirt Logic 2.5 Coilover front shocks and Dirt Logic 2.25 rear shocks as a complete system. These matched systems allow for up to 10" of wheel travel for high speed offroad use.

FEATURES AND BENEFITS

- Replaces upper ball joints with FK 1" Stainless PTFE Uniballs
- Heavy duty upgrade for stock and aftermarket suspensions
- No modification to spindle required for installation
- Includes Arms, Uniballs, Pins & Misalignments
- UCA Tube Specs
 - All - .120" Wall 4130 Chromoly
 - GM - 1.50" OD
 - Ford, Dodge, Nissan & Toyota - 1.25" OD
