

2014 RAM 2500 4WD 2.5" RADIUS ARM SYSTEM

NEW PRODUCT

OVERVIEW

Improving on the Ram's new front suspension design this 2.5" System includes replacement tubular Radius Arms with Fabtech's exclusive dimple die side plates for superior strength and a rugged appearance. These new Radius Arms provide increased caster for use with oversized tires and lifted suspension heights.

The stock front coil springs are mounted with angular steel spacers to retain the factory spring bow. This is an important feature as Chrysler designed this bow to aid in their unique alignment spec and ride quality. Flat spacers do not provide this.

The front shocks are replaced with longer length units to allow for full suspension travel while improving the damping of the front suspension. Extended length bump stops are included in this kit to prevent the coil springs from binding at full compression while also eliminating Trac Bar interference.

This system will typically level the stance of the vehicle with no change to the rear suspension.

The 2.5" Radius Arm System will clear 35" tall tires and is available with Fabtech Performance Twin Tube shocks or high end Dirt Logic Monotube shocks.

FEATURES & BENEFITS

- Retains factory coil springs for proper handling and load carrying capacity
- Replacement Radius Arms with Fabtech's exclusive dimple die side plates provide additional strength and increased caster
- 1/4" thick steel bracket construction throughout for added strength
- Available with Performance shocks or Dirt Logic 2.25 shocks
- Allows use of 35" tall tires
- Includes Free 5 year 60,000 mile Powertrain warranty

INSTALLATION & TECH

- Estimated installation time - 1.5 Hours
- Amount of holes to drill for installation - 0
- Welding Required - No

TIRE & WHEEL SIZES

- | | | |
|------------------|--------------------------|------------------|
| Tire - 315/70R17 | Wheel - 17x9 w/4 5/8" BS | w/minor trimming |
| Tire - 325/65R18 | Wheel - 18x9 w/4 5/8" BS | w/minor trimming |
| Tire - 325/60R20 | Wheel - 20x9.5 w/5" BS | w/minor trimming |
| Tire - 285/55R22 | Wheel - 22x11 w/5" BS | w/minor trimming |

2.5" Radius Arm System w/Performance Shocks #K3062
