## 2008 FORD F-450/550 6" SUSPENSION SYSTEMS

Fabtech is proud to announce the release of their highly anticipated Ford F-450/550 4WD 6" suspension applications. Fabtech has continued their tradition of breaking boundaries to bring the customers what they want. This new line of 6" applications feature the Basic, Radius Arm, 4 Link systems, and Dirt Logic 4.0 Coilover Conversion systems. All of these systems come standard with Performance shocks, but can easily be upgraded with Fabtech's premier line of Dirt Logic shocks.

\*\* PLACE ORDERS NOW TO BEAT THE PRICE INCREASE ON SEPTEMBER 1ST, 2008

### 2008 FORD F-450/550 6" BASIC SYSTEM

As a popular alternative to our Radius Arm and 4 Link System this Basic drop bracket system is designed for the budget minded enthusiast. This application utilizes the stock radius arm. Completing this system is a Trac Bar relocation bracket, Pitman Arm, Sway Bar drops, rear Blocks, 7/8" diameter U-Bolt kit and more.

#### FEATURES AND BENEFITS

- Utilizes factory radius arms on heavy 1/4" thick relocation brackets with extended length coil springs for proper suspension geometry.
- Vehicle specific F-450/550 dropped pitman arm maintains correct steering geometry angles.

#### INSTALLATION & TECH

- No special requirements.
- Complete installation instructions available on the web at: [www.fabtechmotorsports.com](http://www.fabtechmotorsports.com)

#### TIRE AND WHEEL SIZE

Use 285/70R19.5 tires w/OE dually wheels

## 2008 FORD F-450/550 6" RADIUS ARM SYSTEM

Our patented Radius Arms feature a full tubular structure strengthened by dimple die side plates, with an adjustable alignment cam at the axle to allow caster adjustment. Front spring lift options include 6" replacement Coil Springs or upgrade to the Dirt Logic 4.0 Coilover Shock Conversion. Completing this system is a Trac Bar relocation bracket, Pitman Arm, Sway Bar drops and a Block and 7/8" diameter U-Bolt kit.

### FEATURES AND BENEFITS

- Replacement tubular radius arms that provide additional strength, increased caster, and a built in offset for additional tire clearance.
- Vehicle specific F-450/550 dropped pitman arm maintains correct steering geometry angles.

### INSTALLATION & TECH

- No special requirements.
- Complete installation instructions available on the web at: [www.fabtechmotorsports.com](http://www.fabtechmotorsports.com)

## 2008 FORD F-450/550 6" 4 LINK SYSTEM

For the ultimate in suspension performance for the 2008 F-450/550 Super Duty we offer a bolt on 4 Link System that provides unsurpassed articulation and wheel travel. These 2" diameter heavy wall links feature race style 1" Uniballs for superior strength. Thick 1/4" steel brackets secure the 4 Links to the frame without cutting or welding. This 4 Link system gives you the option to use our replacement Coil Springs or go all out with the head turning Dirt Logic 4.0 Coilover Shock Conversion. This complete system also includes Billet Sway Bar Links, Trac Bar relocation bracket, Pitman Arm and a Block and 7/8" diameter U-Bolt kit.

### FEATURES AND BENEFITS

- 2" diameter heavy wall links feature race style 1" Uniballs for superior strength.
- Vehicle specific F-450/550 dropped pitman arm maintains correct steering geometry angles.
- Thick 1/4" steel brackets secure the 4 Links to the frame without cutting or welding.

### INSTALLATION & TECH

- No special requirements.
- Complete installation instructions available on the web at: [www.fabtechmotorsports.com](http://www.fabtechmotorsports.com)
