| 1           | FT95056       | Driver Bed Lock Out |
| 1           | FT95057       | Pass. Bed Lock Out  |
| 4           | 31000005052   | 5/16" Washer        |
| 2           | FTR10047i     | Instruction sheet   |

**TOOL LIST:**

- o Assorted Metric & Standard Wrenches
- o Torque Wrench

**WARNING**

**THIS BED LOCK OUT KIT IS DESIGNED TO WORK WITH FABTECH'S REAR RHINO PRE-RUNNER BUMPER.**

**READ ALL INSTRUCTIONS THOROUGHLY FROM START TO FINISH BEFORE BEGINNING INSTALLATION.**

**CHECK ALL PARTS INCLUDED IN THIS KIT TO THE PARTS LIST ABOVE BEFORE BEGINNING INSTALLATION OF THIS KIT. IF ANY PARTS ARE MISSING, CONTACT FABTECH AT 909-597-7800.**

**DO NOT ALTER THE FINISH OF THESE COMPONENTS, EXAMPLE- CHROMING, ZINC PLATING OR PAINTING. CHANGING THE FINISH CAN CAUSE STRUCTURAL FATIGUE OF COMPONENTS. IF YOU ARE INSTALLING THIS BED LOCK OUT KIT ON A RHINO THAT ALREADY HAS FABTECH'S REAR PRE-RUNNER BUMPER INSTALLED YOU WILL NEED TO REMOVE IT BEFORE STARTING INSTALLATION ON THE BED LOCK OUT KIT.**

## **INSTALLATION INSTRUCTIONS:**

1. Disconnect the negative terminal on the battery. Tilt the bed back and locate the factory latch mounting hardware (6) nuts. Remove and discard latch, saving hardware. **SEE PHOTO BELOW.**

2. Support the bed in up right position. Locate bed struts and hardware. Remove the (2) bolts at the top of strut on the mount. Now remove the nut off the lower mounting point and discard struts and hardware. **SEE PHOTO BELOW.**

3. Locate FT95056 Driver bed lock out bracket and (2) 5/16" washers. Place the washers on the bolt towards the rear of the Rhino. Position the bracket on the bed so that the offset of the bracket faces inward and attach with the factory hardware. Only screw the nut on a couple turns. **SEE PHOTO IN NEXT COLUMN.**

4. Locate FT95057 Passenger bed lock out bracket and (2) 5/16" washers. Place the washers on the bolt towards the rear of the Rhino. Position on bed so that the offset of the bracket faces inward and attach with the factory hardware. Only screw the nut on a couple turns. Now lower bed down and position brackets over the tab located on the frame. Tighten the bolts to 30 lbs. **SEE PHOTO BELOW.**

**RETORQUE ALL NUTS, BOLTS AND LUGS AFTER 50 MILES AND PERIODICALLY THEREAFTER.**

## **Product Warranty and Warnings-**

Fabtech provides a Limited Lifetime Warranty to the original retail purchaser who owns the vehicle, on which the product was originally installed, for defects in workmanship and materials.

The Limited Lifetime Warranty excludes the following Fabtech items; bushings, bump stops, ball joints, tie rod ends, limiting straps, cross shafts, heim joints. These parts are subject to wear and are not considered defective when worn. They are warranted for 60 days from the date of purchase for defects in workmanship.

Take apart shocks are considered a serviceable shock with a one year warranty on leakage only. Service seal kits are available separately for future maintenance. All other shocks are covered under our Limited Lifetime Warranty.

Fabtech does not warrant any product for finish, alterations, modifications and/or installation contrary to Fabtech's instructions. Alterations to the finish of the parts including but not limited to painting, powdercoating, plating and/or welding will void all warranties. Some finish damage may occur to parts during shipping which is considered normal and is not covered under warranty.

Fabtech products are not designed nor intended to be installed on vehicles used in race applications or for racing purposes or for similar activities. (A "RACE" is defined as any contest between two or more vehicles, or any contest of one or more vehicle against the clock, whether or not such contest is for a prize). This warranty does not include coverage for police or taxi vehicles, race vehicles, or vehicles used for government or commercial purposes. Also excluded from this warranty are sales outside of the United States of America.

Installation of most suspension products will raise the center of gravity of the vehicle and will cause the vehicle to handle differently than stock. It may increase the vehicle's susceptibility to a rollover, on road and off road, at all speeds. Extreme care should be taken to operate the vehicle safely at all times to prevent rollover or loss of control resulting in serious injury or death. Fabtech front end Desert Guards may impair the deployment or operation of vehicles equipped with supplemental restraining systems/air bag systems and should not be installed if the vehicle is equipped as so.

Fabtech makes every effort to ensure suspension product compatibility with all vehicles listed in the catalog, but due to unknown auto manufacturers production changes and/or inconsistencies by the auto manufacturer, Fabtech cannot be responsible for 100% compatibility, including the fitment of tire and wheel sizes listed. The Tire and Wheel sizes listed in Fabtech's catalog are only a guideline for street driving with noted fender trimming. Fabtech is not responsible for damages to the vehicle's body or tires.

Fabtech's obligation under this warranty is limited to the repair or replacement, at Fabtech option, of the defective product only. All costs of removal, installation or re-installation, freight charges, incidental or consequential damages are expressly excluded from this warranty. Fabtech is not responsible for damages and/or warranty of other vehicle parts related or non related to the installed Fabtech product. This warranty is expressly in lieu of all other warranties expressed or implied. This warranty shall not apply to any product that has been subject to accident, negligence, alteration, abuse or misuse as determined by Fabtech.

Fabtech suspension components must be installed as a complete system including shocks as shown in our current catalog. All warranties will become void if Fabtech parts are combined and/or substituted with other aftermarket suspension products. Combination and/or substitution of other aftermarket suspension parts may cause premature wear and/or product failure resulting in an accident causing injury or death. Fabtech does not warrant products not manufactured by Fabtech.

Installation of Fabtech product may void the vehicles factory warranty; it is the consumer's responsibility to check with their local vehicle's dealer for warranty disposition before the installation of the product.

It is the responsibility of the distributor and/or the retailer to review all warranties and warnings of Fabtech products with the consumer prior to purchase.

Fabtech reserves the right to supercede, discontinue, change the design, finish, part number and, or application of parts when deemed necessary without written notice. Fabtech is not responsible for misprints or typographical errors within the catalog or price sheet.
